CGH EARTH LOCKHART

Where Nature meets History

Munnar - a summer retreat for the British in the past and a retreat for the city-weary in the present. Blessed with a climate and endless tea plantations that put you in a state of relaxation as soon as you arrive. And now, it has a bungalow that will transport you back to a bygone era.

Nestled in a picturesque tea plantation in Munnar, CGH Earth's Lockhart Bungalow is the ideal balm for city life. It's a piece of history, located in a perfect piece of geography.

Let the mist-kissed hills, soothing weather, and acres of tea plantations rejuvenate you.

THE BUNGALOW

Turn back time. Go back to the 1940s.
Don't just read history, be a part of it.
And stay there for a while.

CGH Earth, a pioneer of responsible tourism in India, has partnered with Harrisons Malayalam Limited, a major player in natural rubber production and tea cultivation in South India. This partnership introduces a unique experience—an enchanting tea plantation retreat, seemingly cut off from the world.

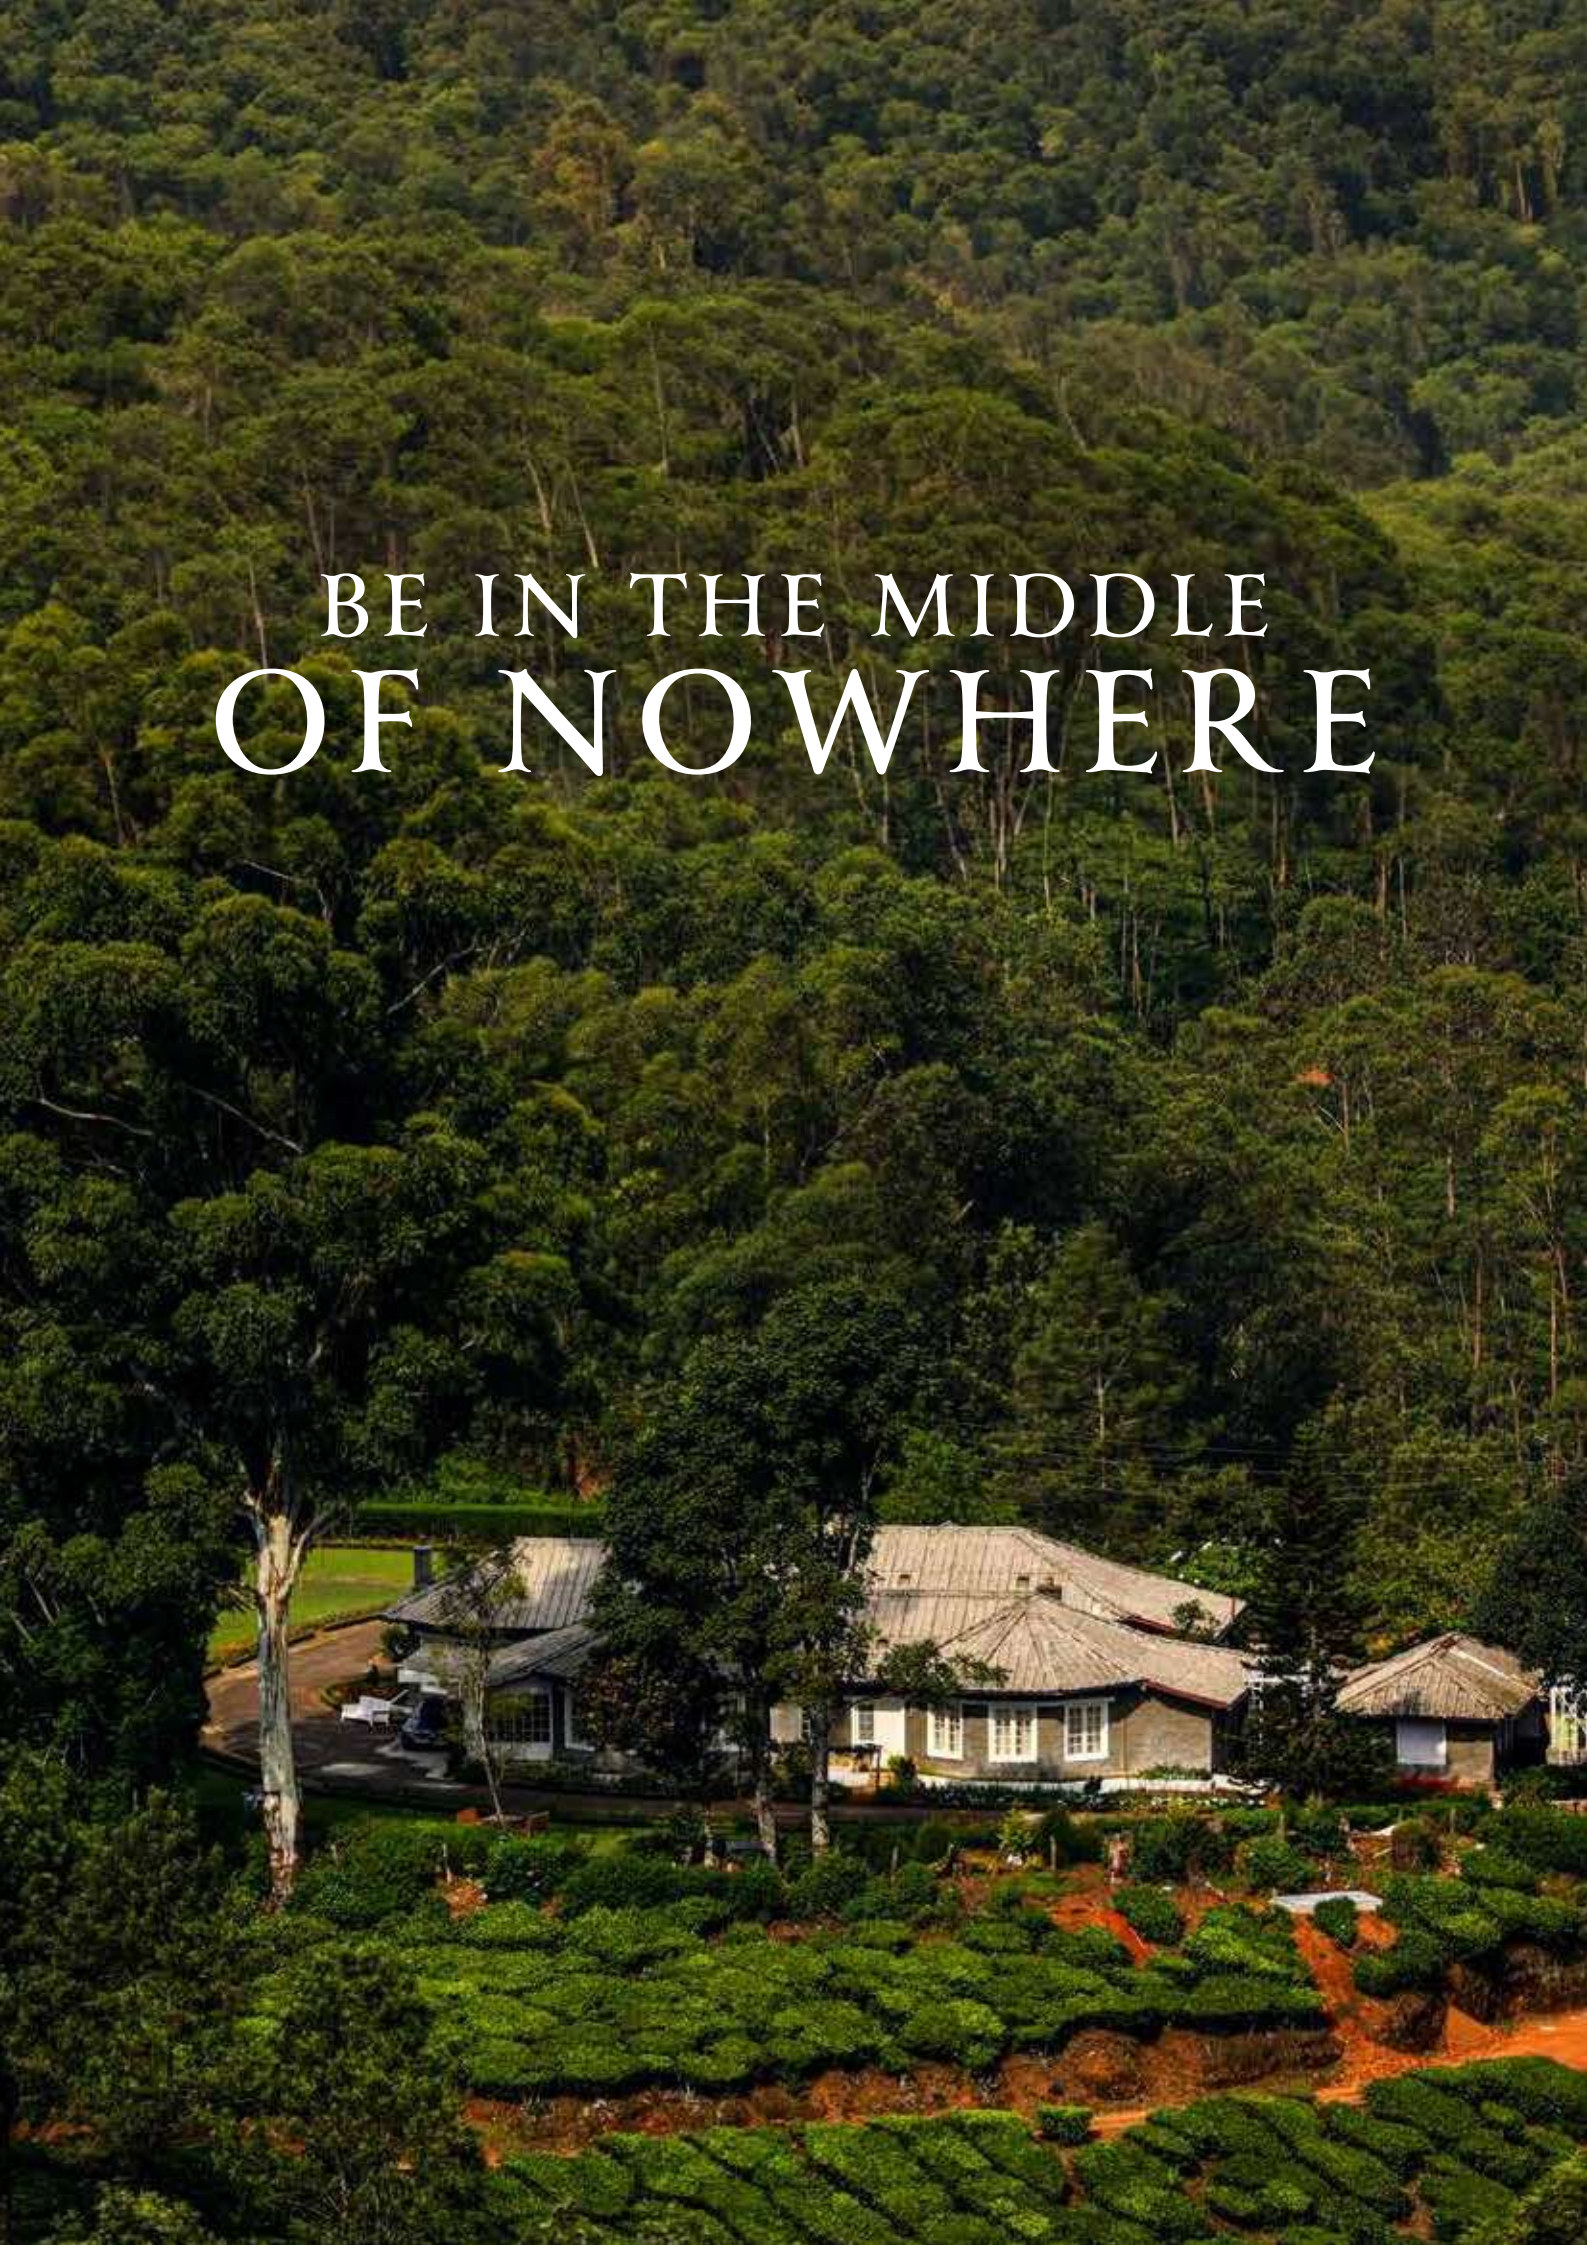

Nestled within Munnar's famous Lockhart Estate, this retreat resides on about 1,500 acres of tea plantations and is located in the historic Lockhart Bungalow, one of three colonial-era bungalows on the estate. The Lockhart Estate has a rich history. It originally cultivated cinchona, then transitioned to coffee, and finally to tea. Steeped in history, it's the perfect place for those seeking an escape from the present.

Lockhart Bungalow features three well-maintained rooms with views of rolling hills and tea gardens. It's the ideal getaway from daily life.
