

Karthakaad Mane
a cgh earth saha experience

WHERE
THE WORLD
GOES QUIET

In a quieter fold of Coorg amidst dense forests lies a sequestered 100-acre coffee plantation with secret forest trails, gushing streams, and crisp estate air. And in one remote region of this sits an intimate eight-key stay that promises a return to nature in its purest form.

KARTHAKAAD MANE.

Here, the roads narrow, the signal fades, and the air cools. What remains is birdsong, beautiful sunsets, and the gift of time against an unforgettable backdrop of the dark forests.

KARTHAKAAD, THE BLACK FOREST

Kartha — Black | *Kadu* — Forest

Long before it was a retreat, this stretch of dense woodland in Coorg was known for its almost impenetrable forests. Karthakaad or the Black Forest is a name that echoes these dark green canopies.

Located beyond Napoklu, at the edge of the Brahmagiri Forest, Karthakaad Mane sits within a working coffee plantation. On one side, a pristine forest stretches deep into the hills. On the other, a gentle stream winds past the estate, creating a quiet sense of solitude.

You wake to mist rolling low over the estate and the aroma of freshly brewed coffee in the cool air. Dusk paints the sky in brilliant hues before twilight settles in and the forest draws closer.

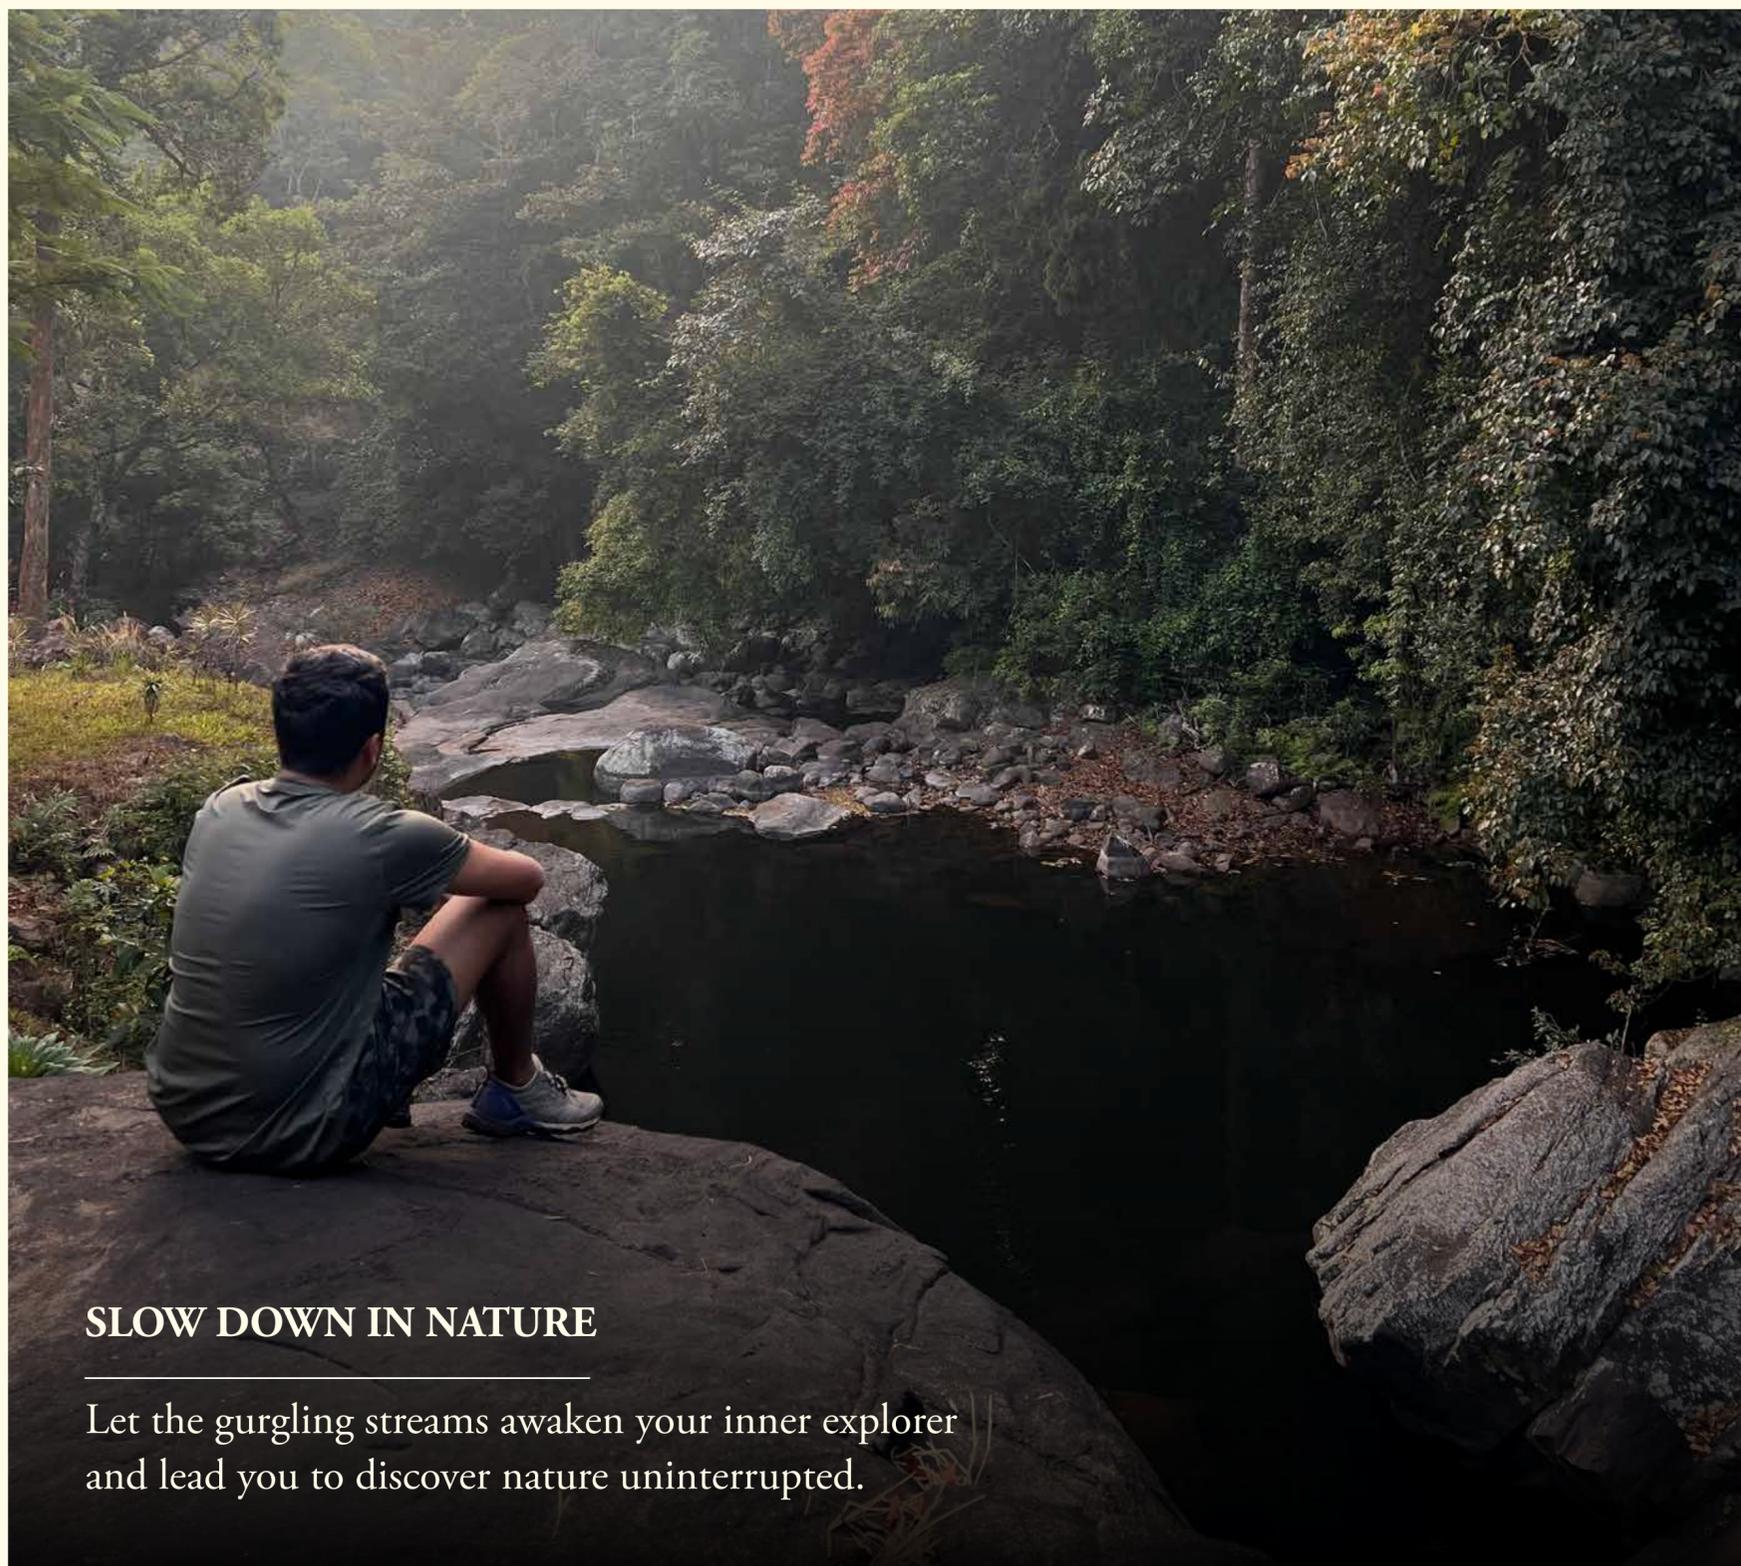

Here, nature sets the pace. Wi-Fi is limited, and intentionally so. It allows guests to step away from the demands of everyday life and sink into the quiet rhythm of the estate.

MOMENTS IN NATURE

THE COFFEE EXPERIENCE

In the heart of a living estate, coffee is more than a beverage.
It is the legacy of the land.

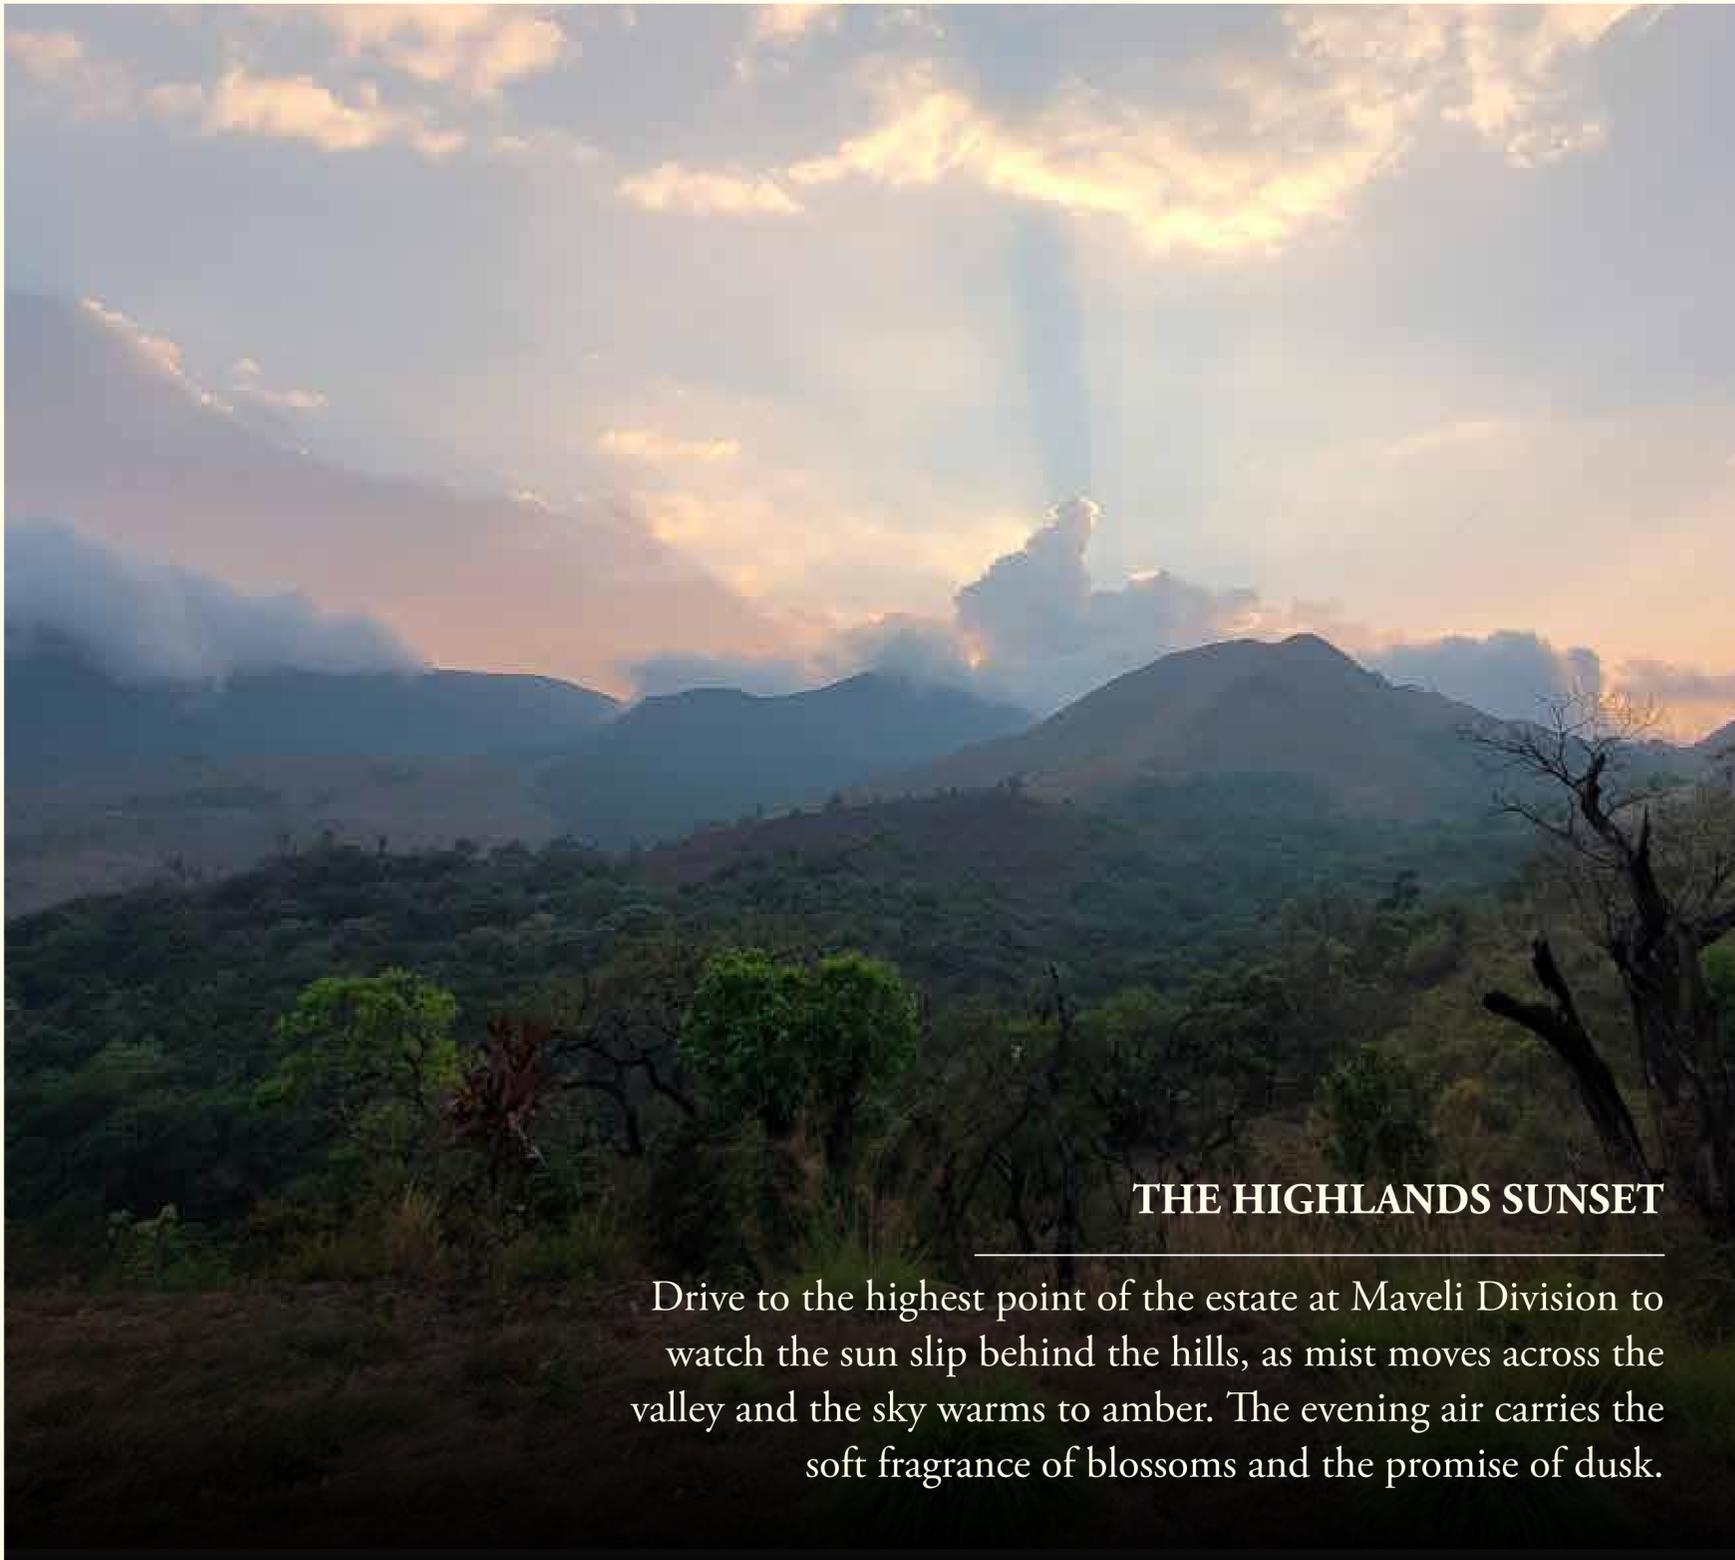

Trace the journey of freshly brewed coffee from bean to mug.
End your experience with a freshly filtered cup that is layered,
fragrant, and unmistakably Coorg.

THE NATURE TRAIL

Follow quiet forest paths beneath towering trees, where light filters through the dense canopy and the ground shifts between stone and root. The air carries the scent of damp soil, wild pepper, and ripening coffee cherries. Along the way, hidden waterfalls and gentle streams appear between rock and undergrowth, a trail meant for both children and adults to discover together.

An unhurried walk here deepens your connection to Karthakaad's untouched wilderness.

THE HIGHLANDS SUNSET

Drive to the highest point of the estate at Maveli Division to watch the sun slip behind the hills, as mist moves across the valley and the sky warms to amber. The evening air carries the soft fragrance of blossoms and the promise of dusk.

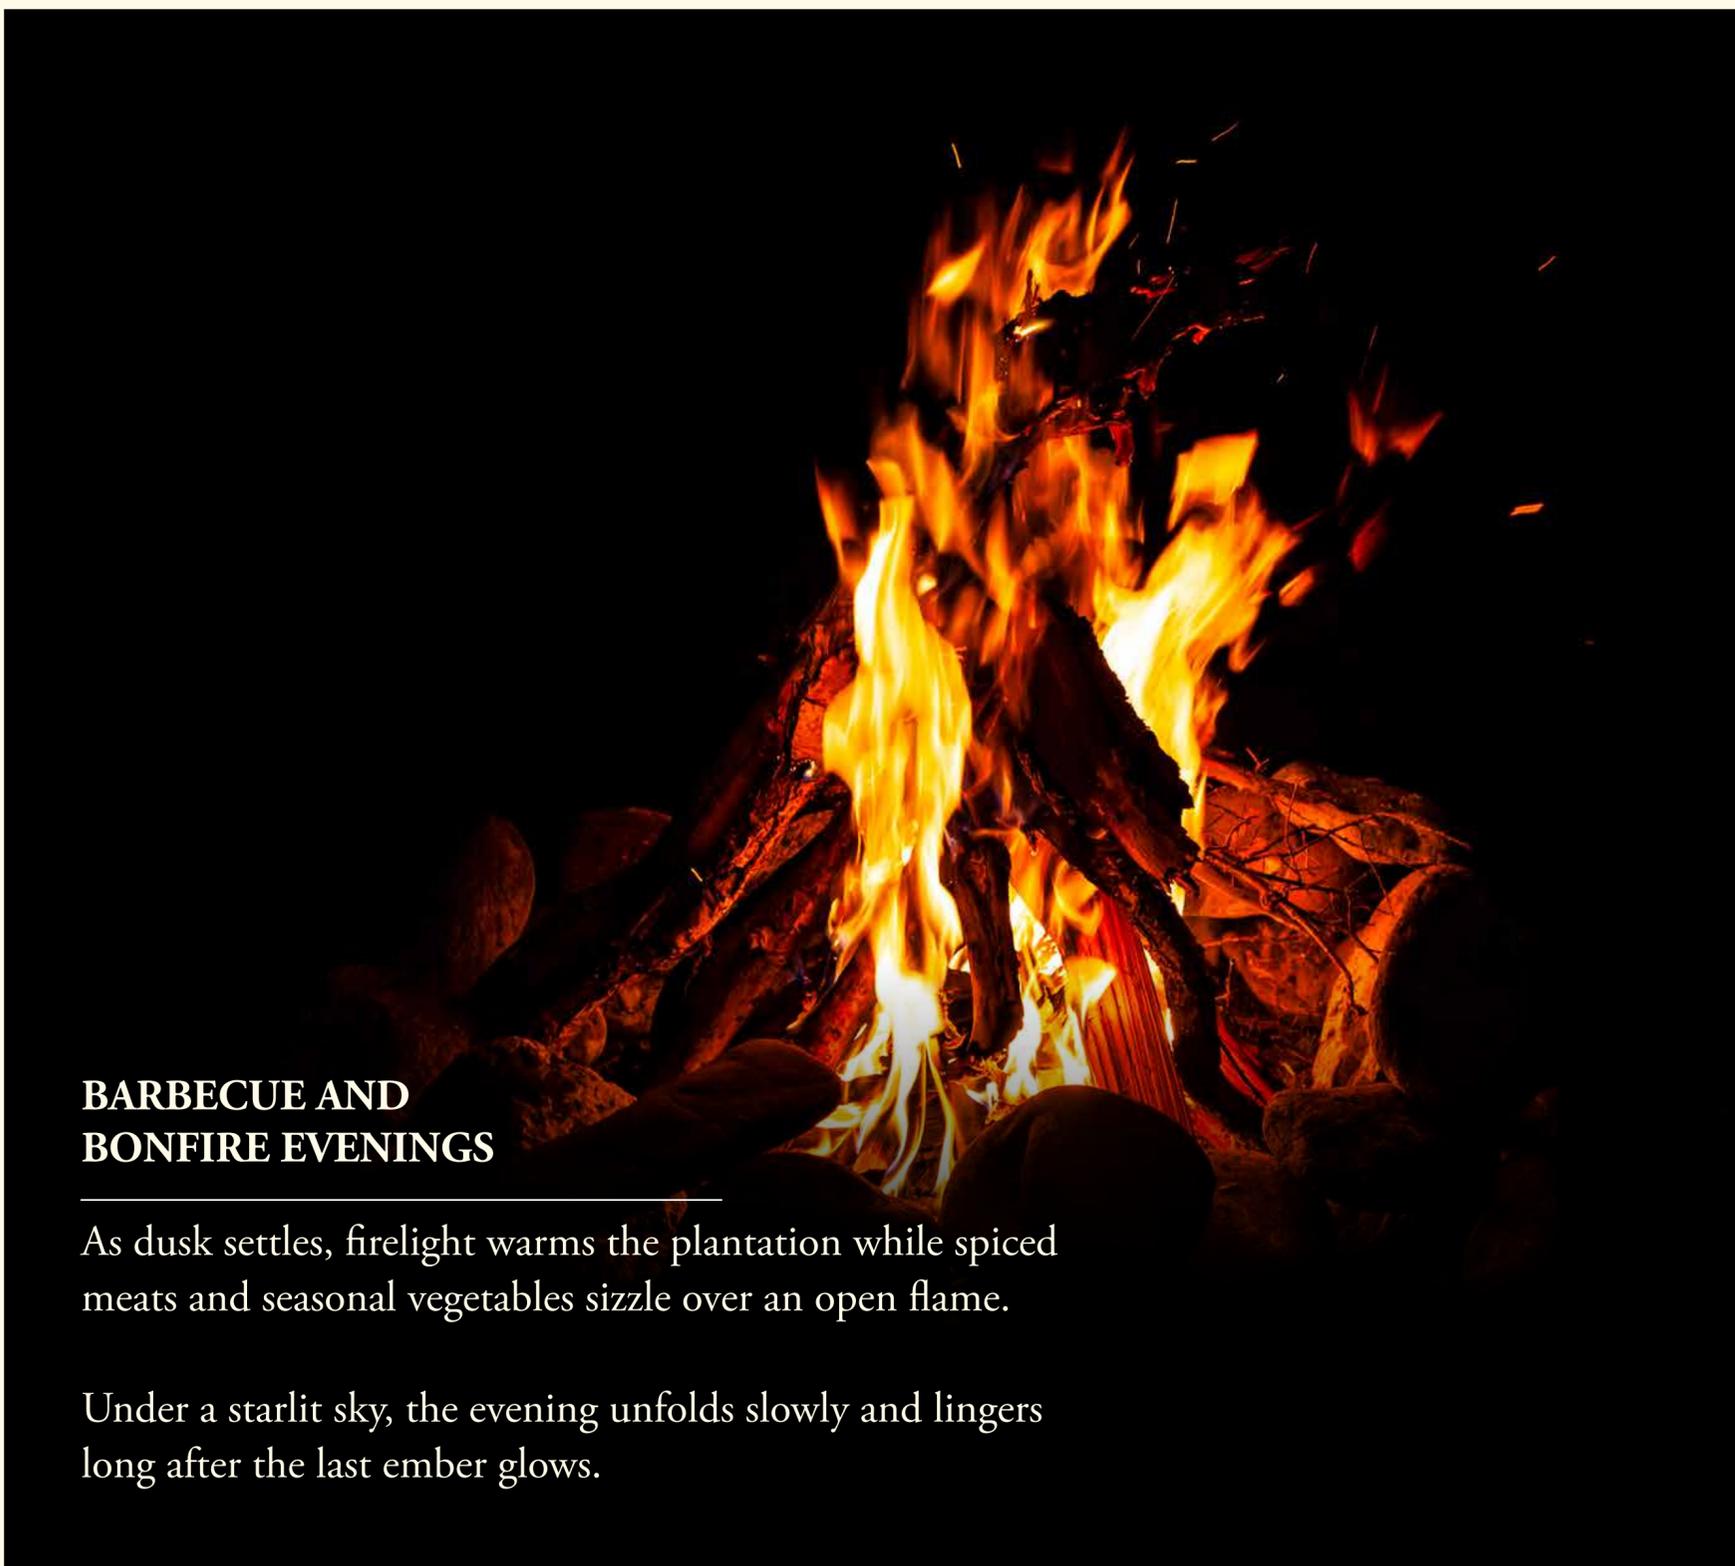

RIVERSIDE LUNCH

Take a short walk through the coffee plantation to a tranquil streamside setting, where a specially curated lunch awaits. Guests can spend an unhurried afternoon by the water, enjoying a simple yet memorable meal to the soothing sounds of the flowing stream and the forest.

STARGAZING

As night settles over the estate, step out beneath the open skies and watch the stars appear across the darkness. In the quiet of Karthakaad, the night feels both vast and intimate.

BARBECUE AND BONFIRE EVENINGS

As dusk settles, firelight warms the plantation while spiced meats and seasonal vegetables sizzle over an open flame.

Under a starlit sky, the evening unfolds slowly and lingers long after the last ember glows.
