Face the changing world anew as you leave here with memorable experiences of tranquility and transformation.

Crafted in hues of the Earth, the villas here are made using local materials like laterite stone and coconut thatch roofs. In harmony with the land that nurtures them, your personal living spaces connect to the outdoors while offering every modern comfort. Each villa boasts a central open courtyard garden planted with medicinal herbs.

Savour wholesome, delicious meals cooked with hand-picked fresh produce from SwaSwara's own farm and neighbouring ones. The nutrient-rich menu includes freshly caught seafood. So, leave the chaos and burdens of daily life behind, and embrace an extraordinary getaway at SwaSwara, the perfect nature retreat, for a personalised reset.

Accommodation

24 large rustic Konkan Villas with an open-to-the-elements aesthetic, an inner courtyard and partially open-air bathrooms. Only the bedrooms are enclosed and air conditioned, while the rest of the villa puts you in direct touch with nature. The yoga deck on the second level offers spectacular views of the forest, while serving as a perfect spot to just revel in being.

Activities

Nature Trails & Bird Watching

What better way to start your day than with a sighting of Hornbills or the White bellied Sea Eagle that nests in our property! With a protected patch of forest and the rainwater lakes, SwaSwara plays host to a wide variety of migratory and resident birds, with occasional visits from endangered species too. Experience all this and more on a bird watching walk. You could also hike across Om Beach, up the cliffs through the scrub jungle and acacia plantation to Half-moon beach and trek back uphill along a mud road to the resort.

Interactive Cooking of Healthy Cuisine

Every day, our chefs offer interactive classes for healthy cooking. Guests join our chefs to learn how to cook healthy, tasty food and improve consumption habits. They give you recipes to try at home (with almost no oil, refined sugar or flour) with healthy alternatives you can find in your city.

Art Studio

Healing with art and pottery is an experience our guests look forward to. Expressing oneself through art is an activity we have enjoyed as children. At SwaSwara you get back in touch with that forgotten child within you. To break the ice, our artist-in-residence interacts with you throughout besides introducing you to a wide range of creative activities. Guided sessions for art and clay modelling with our resident artist are available everyday. This interaction with art will unleash your imagination and bring you closer to self-discovery.

Boat Ride

You can contact our front desk for Boat Rides to Mirjan Fort, Long Beach and Tadadi Harbour. A very interesting cruise to the historic Mirjan Fort, takes you through the sea up the Aganashini river. A tuk tuk ride will get you from the boat jetty to the fort. Return by boat to OM Beach. Cruise by the pristine long beach where you can explore a relatively un touristy beach and fishermen's village and a typical Konkan style temple. Cruise to the busy fishing harbour to experience the local flavor of a bustling fish market. Return by Tuk Tuk.

Visit the Temple Town of Gokarna

Meander around and find yourself back in time at Gokarna's 2 streets amid the sacred cows; visit its famous Shiva temple; or tour the inland temples and forts.

Library

A circular, well lit space that is open all day and has an eclectic collection of books. The library can be air-conditioned if you wish.

Swimming Pool

Our large oxidised swimming pool is always holding out a welcome to you to jump in and swim. Depending on the programme you are on, the doctor will advise on the use of the swimming pool.
